TELEPHONE ENGINEERING MEMORANDUM 532R2

Subject: Telephone Engineering and Construction Manual

The purpose of this memorandum is to distribute new and revised sections of the manual.

Attached are sections 102, 206, 212, 401, 601, 602, 610, 611 612, 615, 625, 626, 630, 645, 650, 661 and 901 dated April 1952 which are to be incorporated in the manual.

Section 102 the Numerical Index lists the section number, title, issue number and date of sections that are available including those attached herewith and those of previous issue.

Sections dated December 1951 were distributed with Engineering Memorandum 532 dated January 2, 1952 and sections dated March 1952 were distributed with Engineering Memorandum 532R1 dated April 25, 1952. Any of these sections that have not been obtained as yet are available on request.

Sections 604, 605, 609, 614 and 650, Issue 1, dated January 26, 1951 should be discarded as the information contained therein has been superceded by the attached sections.

Section 101 outlines the format of the manual and should be used as a guide in maintaining it in a manner suitable for ready reference.
